

IMPORTANT: Due to constant improvements in vehicle design and quality, changes to a vehicle configuration may occur which can affect the Owner's Manual information after the supply for production has already been printed.

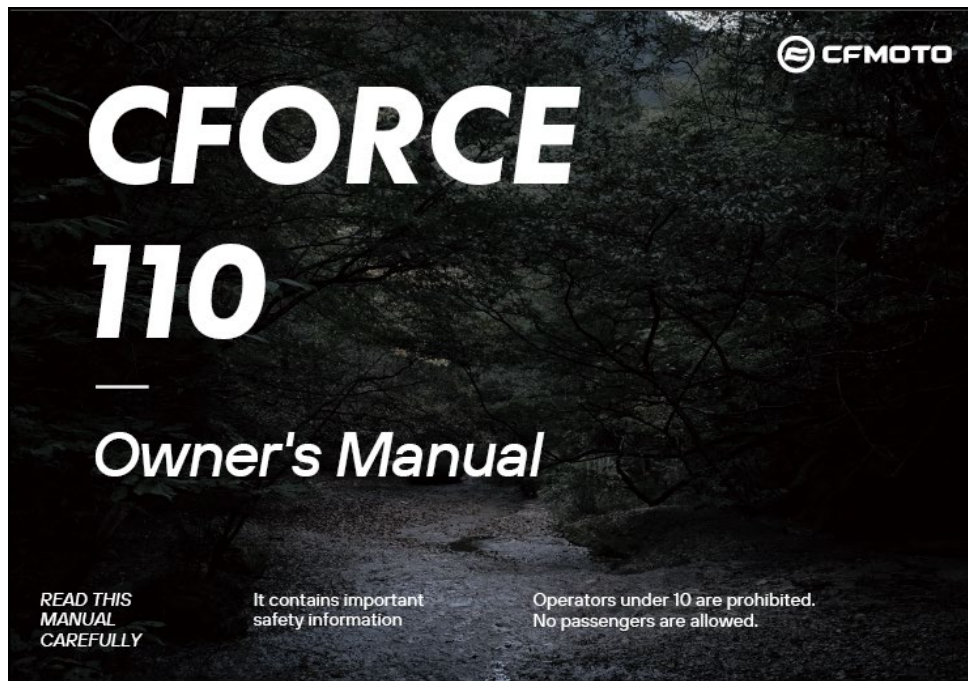

Page 50 and page 55 of the 2023 CFORCE 110 ATV Sport Owner's Manual have been updated.

To comply with EPA regulations, the electronic speed limit function on 2023 CFORCE 110 ATVs is removed and will no longer function with the CFMOTO YOUTH APP. The throttle mechanical limit screw is now the only feature that controls the vehicle's maximum speed.

CFMOTO recommends that beginners ride with the speed limiting screw at its pre-set adjustment of 15 mph (24 kph), and as driver familiarity with the vehicle increases, the parent/guardian can adjust the speed limit setting appropriately.

When setting a higher speed limit, the parent/guardian must judge whether the operator has enough capabilities to respond to all risks involved with high-speed driving. Children must never be allowed to carry out speed adjustment.

2023 CFORCE 110 ATV Owner's Manual - 9RHV-380101-3000-13

The most recent version of this Owner's Manual can be found on the CFMOTO Dealer Portal or consumer website at www.cfmotousa.com.

CFMOTO apologizes for any confusion this may have caused, and we assure consumers of our 100% commitment to the production of high-quality vehicles for powersports enthusiasts to enjoy.
