

**IMPORTANT:** Due to constant improvements in vehicle design and quality, changes to a vehicle configuration may occur which can affect the Owner's Manual information after the supply for production has already been printed.

'New Driver Mode' which is controlled by the CFMOTO Ride App and referenced on 2023 ZFORCE 950 H.O. EX / Sport Owner's Manual pages 72 through 75, was removed from the CFMOTO Ride App in all markets after the supply was already printed and inserted into production.

Therefore, the New Driver Mode indicator and its speed limit feature will not function.
