

IMPORTANT: Due to constant improvements in vehicle design and quality, changes to a vehicle configuration may occur which can affect the Owner's Manual information after the supply for production has already been printed.

The menu feature *'Mobile device inter-connection'* requires additional clarification in:

- **2024 CFORCE 800-1000 (G3) Owner's Manual - Pages 87 and 92.**

Although CFMOTO manuals are written to cover multiple markets around the world and the title of the Multi-function Display section in the Owner's Manual does state *'Select Markets'* on page 80, pages 87 and 92 do not specifically state this feature is not available to USA vehicle owners.

An updated Owner's Manual for MY24 G3 ATV models has been placed on the Dealer Portal and consumer website containing clarification that the feature is not available to USA vehicle owners.

The most recent version of this Owner's Manual can be found on the CFMOTO Dealer Portal or the consumer website at www.cfmotousa.com.

CFMOTO apologizes for any confusion this may have caused and assures consumers of our 100% commitment to the production of high-quality vehicles for powersports enthusiasts to enjoy.
