

IMPORTANT: Due to constant improvements in vehicle design and quality, changes to a vehicle configuration may occur which can affect the Owner's Manual information after the supply for production has already been printed.

A maintenance interval reminder feature displays on the gauges of 2022 650 ADventura, 650NK, 300NK, and 300SS motorcycles without instructions on how the function can be reset. It has been discovered the reset instructions are missing from the Owner's Manual of these models.

Please reference the following page image in this addendum for the maintenance interval reset instructions on your 2022 650 ADventura, 650NK, 300NK, and 300SS motorcycle, and disregard the page contained in your Owner's Manual. Store this addendum with your vehicle's paperwork.

CFMOTO apologizes for the error.

2022 650 ADventura, 650NK, 300NK, and 300SS motorcycles Maintenance Interval Reminder Reset Instructions

OPERATING YOUR VEHICLE

Service Interval Reminder

This vehicle has a service interval reminding feature that activates after the break-in period. The instrument monitors the travel mileage and alerts the owner to schedule vehicle maintenance when the remaining distance is 500km (310 miles) or less of the set service interval.

When remaining distance is 500km (310 miles) or less, the instrument will display a service alert for ten seconds every time the vehicle started to remind that scheduled maintenance is required.

To access: Long press "ENTER" to enter into the menu.

Short press "△" or "▽" buttons to select "Information", then press "ENTER" to open the selected item.

Short press "△" or "▽" buttons to select "Service", then press "ENTER" to open the selected item. The remaining distance to service maintenance will display.

Schedule maintenance at your CFMOTO authorized dealership and reset for the next service interval.

To reset: Navigate to the remaining distance interface.

Press and hold both "ENT" and "△" buttons on the handlebar switch for 10 seconds minimum.

A pop-up window asking to reset will appear. Press "ENT" again to confirm your choice and complete the reset.
