

IMPORTANT: Due to constant improvements in vehicle design and quality, changes may occur that affect owner's manual information after the supply for production has been printed.

An error was discovered in the 2024 CFMOTO 450SS Owner's Manual on pages 147-148: The California emission control warranty statement contains outdated information.

Please reference the first image below for the correct California emission control warranty statement, and disregard the outdated version in the owner's manual, which is also included in this addendum. Store this addendum with your vehicle's paperwork.

The most recent version of this owner's manual can be found on the CFMOTO Dealer Portal or the consumer website at www.cfmotousa.com.

CFMOTO apologizes for any confusion this error may have caused.

Correct California Emission Control Warranty Statement for 2024 CFMOTO 450SS

**CALIFORNIA EMISSION CONTROL WARRANTY STATEMENT
YOUR WARRANTY RIGHTS AND OBLIGATIONS**

In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. CFMOTO Powersports, Inc. must warrant the emission control systems on your motorcycle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your motorcycle.

Your emission control system may include parts such as the carburetor or fuel-injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors, and other emission-related assemblies. Where a warrantable condition exists, CFMOTO Powersports, Inc. will repair your motorcycle at no cost to you including diagnosis, parts, and labor.

MANUFACTURER'S WARRANTY COVERAGE:

For 30,000 km or 5 years whichever first occurs.

If any emission-related part on your motorcycle is defective, the part will be repaired or replaced by CFMOTO Powersports, Inc. This is your emission control system DEFECTS WARRANTY.

Outdated California Emission Control Warranty Statement for 2024 CFMOTO 450SS

CALIFORNIA EMISSION CONTROL WARRANTY STATEMENT YOUR WARRANTY RIGHTS AND OBLIGATIONS

In California, new motor vehicles must be designated, built and equipped to meet California's stringent anti-smog standards. CFMOTO Powersports, Inc. warrants the emission control systems on your motorcycle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your motorcycle.

Your emission control system may include parts such as the carburetor or fuel-injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors, and other emission-related assemblies. Where a warrantable condition exists, CFMOTO Powersports, Inc. will repair your motorcycle at no cost to you including diagnosis, parts, and labor.

MANUFACTURER'S WARRANTY COVERAGE:

For MY2021 and subsequent model year motorcycles, either 12,000 or 30,000 km (Check model) for up to 5 years whichever first occurs;

1. If your motorcycle fails a Smog Check inspection, all necessary repairs and adjustments will be made by CFMOTO Powersports, Inc. to your emission control system under PERFORMANCE WARRANTY.
2. If any emission-related part on your motorcycle is defective, the part will be repaired or replaced by CFMOTO Powersports, Inc. This is your short-term emission control system DEFECTS WARRANTY.

-Terms of Warranty are for a period of use of five (5) Years or 30,000 km (18,641 miles), whichever occurs first for 300cc or above motorcycles, and a period of use of five (5) Years or 12,000 km (7456 miles), whichever comes first for 125cc motorcycles.

147

In addition to the normal engine emission related components covered by CFMOTO warranty, shown below is the evaporative list of warranted parts for California built motorcycles. If an emission-related part specially noted within coverage under the Terms of Warranty is defective, the part will be repaired or replaced by CFMOTO Powersports, Inc. This is your long-term emission control system DEFECTS WARRANTY.

The following parts are considered an evaporative-related component:

- Fuel Tank
- Fuel Cap
- Fuel Line
- Fuel Line Fittings
- Clamps*
- Pressure Relief Valves*
- Control Valves*
- Control Solenoids*
- Electronic Controls*
- Vacuum Control Diaphragms*
